WEREWICK character sheet

This page is optional. Leave any part blank and the app chooses for you.

ABILITY SCORES Six numbers for what your hero is naturally good at. Higher is better.

The usual six numbers are 15, 14, 13, 12, 10 and 8. Give one to each row: fill one bubble in every row, and use each number once.

Leave it blank and the app gives your class its best numbers. Easiest for a first hero.

	15	14	13	12	10	8
Strength STR, muscle	○	○	○	○	○	○
Dexterity DEX, quickness	○	○	○	○	○	○
Constitution CON, toughness	○	○	○	○	○	○
Intelligence INT, learning	○	○	○	○	○	○
Wisdom WIS, awareness	○	○	○	○	○	○
Charisma CHA, presence	○	○	○	○	○	○

Your background adds a little extra.

It can only go to the three abilities your background lists below. Leave both rows blank and the app picks the best two.

+2 goes to	○ STR	○ DEX	○ CON	○ INT	○ WIS	○ CHA
+1 goes to	○ STR	○ DEX	○ CON	○ INT	○ WIS	○ CHA

☐ Or +1 to each of your background's three

Acolyte INT WIS CHA	**Soldier** STR DEX CON	**Sage** CON INT WIS	**Criminal** DEX CON INT
Guard STR INT WIS	**Entertainer** STR DEX CHA	**Charlatan** DEX CON CHA	**Noble** STR INT CHA
Sailor STR DEX WIS	**Hermit** CON WIS CHA	**Artisan** STR DEX INT	**Farmer** STR CON WIS

THEIR SKILLS Things your hero has practised.

Leave it blank and the app picks good ones for your class. Easiest for a first hero.

Or tick your own. Your background already gives you two. Your class adds a few more. The app will check, and tell you if you ticked too many.

☐ Acrobatics	☐ Insight	☐ Performance
☐ Animal Handling	☐ Intimidation	☐ Persuasion
☐ Arcana	☐ Investigation	☐ Religion
☐ Athletics	☐ Medicine	☐ Sleight of Hand
☐ Deception	☐ Nature	☐ Stealth
☐ History	☐ Perception	☐ Survival

How many your class adds: Rogue 4, Bard and Ranger 3, every other class 2. Some species add more: Human 1, Elf 1, Half-Elf 2, Half-Orc always has Intimidation.

Nothing to fill in here. The app gives your hero the usual kit for their class: armor, weapons, a pack and some coins. Spellcasters: the starter spells for your class are added for you. You can swap them in the app.
